

küschall®
designed for life

A man with grey hair, wearing a white t-shirt and blue jeans, is sitting in a black Küschall wheelchair. He is pointing his right index finger directly at the camera with a smile. The wheelchair is a high-quality, sporty model with large black wheels and silver-colored frame components. He is in an indoor setting with a large, curved, white, ribbed ceiling. In the background, there are glass walls and a red banner with the number '014' is visible.

BE YOURSELF –
BE A CHAMPION

ENJOY LIMITLESS POSSIBILITIES!

A man with short, dark hair is shown from the chest up, seated in a wheelchair. He is wearing a dark, high-collared jacket. He is looking off to his right with a slight smile. The background is a bright, out-of-focus indoor space with large windows. The text "DID YOU KNOW?" is overlaid in large, white, sans-serif capital letters across the middle of the image.

DID
YOU
KNOW?

THE KÜSCHALL CHAMPION: AN EXAMPLE OF THE PIONEERING DEVELOPMENT OF KÜSCHALL AND ITS RELATION TO THE DAILY CHALLENGES RAINER KÜSCHALL IS FACING IN HIS DAY TO DAY LIFE.

Behind every küschall wheelchair development there is a story! After his swimming accident at the age of 16, Rainer Küschall lost all mobility and freedom. Despite the fear, he was always determined to overcome the daily challenges he faced. One of these was to transfer from his wheelchair to his car. At that time, he always needed another person to put the wheelchair in and out of the car but at least he had the freedom to drive... until a warm summer day when he started to feel unwell. Due to his injury, Rainer cannot sweat, which creates a huge risk to his health. Realising the immediate danger, he pulled over at a petrol station, opened the car door, and waved at two people standing outside in a desperate attempt to get some water.

When the people saw him, they were so afraid of his disability, that they immediately closed the car door again. Rainer was trapped in his own car! That was the moment Rainer became determined to take the next step to independence; making a wheelchair that he would be able to fold, move over his lap and put on the passenger seat. Thus, the idea of the küschall Champion was born.

Twenty-eight years on, the küschall Champion is the only wheelchair model of its type, with its tried and trusted design that has stood the test of time making it as popular today as when it was first launched.

A woman with long red hair is sitting in a wheelchair on a city street. She is smiling and looking to her right. The background is a blurred city street with other people and buildings. The text 'A RIGID FOLDABLE WHEEL-CHAIR' is overlaid on the image in large white letters.

A RIGID FOLDABLE WHEEL- CHAIR

THE KÜSCHALL CHAMPION IS THE BENCHMARK FOR FOLDABLE WHEELCHAIRS, AND THIS NEW GENERATION SETS THE STANDARD AT THE HIGHEST LEVEL. EXPERIENCE THE DRIVING PERFORMANCE AND THE STABILITY OF A RIGID WHEELCHAIR WITH ALL THE ADVANTAGES OF A FOLDABLE ONE, WHICH INCLUDE:

- STIFFNESS AND RIGIDITY FOR UNRIVALLED DRIVING PERFORMANCE
- STEPLESS ADJUSTMENTS
- MINIMAL FRAME DESIGN

**KÜSCHALL CHAMPION,
THIS UNIQUE FOLDABLE
WHEELCHAIR, IS NOW
EVEN BETTER!**

New features are the high stability and stiffness. The design and driving performance of this wheelchair is without doubt comparable to that of a rigid one. With stepless adjustments at the front and the rear, and easy positioning of the centre of gravity, the küschall Champion suits all types of individuals and allows them to configure the wheelchair to their needs.

The new design and the smart construction and assembly solutions make this wheelchair feel like a rigid one.

Its unique horizontal folding mechanism turns this wheelchair into one of the smallest possible active chairs, unrivalled in the market since 1986. Only one movement is needed to fold the wheelchair and its backrest. Compact and lightweight, it's extremely easy to fold and handle; ideal for active individuals who are constantly on the go, and it fits neatly into a small car.

Küschall Champion is available in Aluminium, Titanium and Carbon.

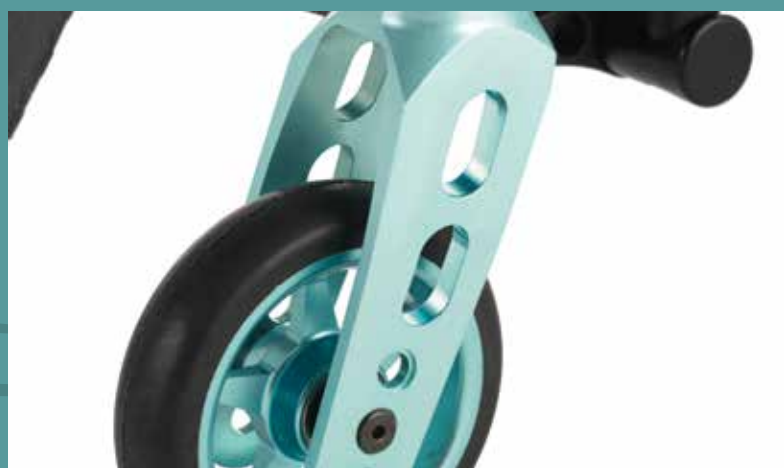

LIVE WITHOUT LIMITS

THE KÜSCHALL CHAMPION OFFERS A WIDE CHOICE OF COLOURS, CONFIGURATIONS, AND OPTIONS ALLOWING YOU TO PERSONALISE THIS WHEELCHAIR AS YOU WISH.

EXPRESS YOURSELF WITH A WHEELCHAIR THAT PERFECTLY FITS YOUR PERSONALITY.

ON THE
GO WITH
STYLE

ARE YOU LOOKING FOR A WHEELCHAIR WITH STYLE AND DURABILITY? THE KÜSCHALL CHAMPION IS AVAILABLE WITH A TITANIUM OR CARBON FRAME. STRONG AND SCRATCH-RESISTANT, TITANIUM AND CARBON ARE THE PERFECT CHOICE FOR ACTIVE LIFESTYLES AND INDIVIDUALS WITHOUT ANY COMPROMISE ON DESIGN – A REAL EYE-CATCHER!

A woman with long red hair and sunglasses is sitting in a wheelchair on a city street. She is wearing a black lace top and jeans. The background shows a blurred cityscape with buildings and a bridge. The text "PURE ELEGANCE" is overlaid on the image in large white letters.

PURE ELEGANCE

EXTREMELY STRONG, LIGHT AND DURABLE, THE KÜSCHALL CHAMPION COMBINES DESIGN WITH PERFORMANCE AND STYLE PROVIDING A CHAIR WITH EXCEPTIONAL AESTHETIC APPEAL THAT WILL CERTAINLY CAPTURE ATTENTION.

Colour Power Sets (CPS) are available in 6 different tones: chrome, techno-anthracite, comet red, champagne, b-blue and arctic blue.

Compact size (765x390x285 mm): fold the wheelchair and its backrest, remove the rear wheels, and it fits in the smallest of cars.

There is a choice of 9 different seat positions and 5 backrest angles. Side supporters also come in CPS when selected.

As a standard feature it includes a soft locking mechanism on the backrest so that it doesn't open when folded.

 Frame angle 75° / 85° Al & Ti (Straight or tapered) 85° Ca	 Seat width 360 - 460 mm Al, Ti & Ca 400 - 480 mm Tapered in increments of 20 mm	 Seat depth 340 - 480 mm Al 340 - 460 mm Ti 400 - 460 mm Ca in increments of 20 mm
 Seat height front: 450 - 540 mm rear: 390 - 490 mm in increments of 10 mm	 Knee-to-heel length 320 - 500 mm in increments of 10 mm	 Backrest height 300 - 465 mm in increments of 15 mm
 Total weight, unloaded 9,2 kg	 Transport weight (w/out rear wheels) 6,7 kg	 Max user weight 120 kg

All measurements and weights indicated are based on seat width 400 mm and seat depth 400 mm in the lightest and most compact configuration possible. Weight and measurements can change with the different configurations.
