

### A fresh approach to mobility

The sleek and stylish *Invacare Pronto M61* is an affordable centre wheel drive power chair with 6 wheels on the ground for optimum safety and stability. It features *Invacare's Sure Step* technology for smoother driving over lower thresholds. Designed around a compact base, the *Pronto M61* provides excellent manoeuvrability especially in confined spaces, and the electric seat provides 12 cm of elevation.

Trusted Solutions, Passionate People

## Optimum Comfort

The padded, shaped seat ensures you are comfortable for day long use, and the simple to operate seat will electrically raise you up to 12 cm. In the elevated position the **Invacare Pronto M61** provides increased accessibility, which is ideal in office environment or when you are out and about. For easier transfers into or out of the **Pronto M61**, the seat will rotate 90 degrees in either direction, and the arm rest can flip up or be removed altogether. The foot plate is centre mounted and height adjustable to provide maximum comfort.

## Taking it with you

Intuitive driving can be obtained with the true centre wheel drive system combined with the programmable Shark controls. This compact power chair can be easily dismantled for transportation in the boot of a car so you can take it with you wherever you go.

## Upwardly mobile

With its centre wheel drive and its compact dimensions, the **Pronto M61** gives excellent manoeuvring in very small spaces and has a very tight turning circle. **Invacare's Sure Step®** technology gives smooth ride over low thresholds of up to 5 cm while maintaining optimum stability at all times. The powerful motors lift the front castors to assist changes in height for a smoother, less jarring ride over rough surfaces ensuring safety at all times.
